USE OF SCHOOL FACILITIES

The school is often considered the center of the community. The school thus may be used by the community subject to certain regulations. Key regulations include:

1. School use of facilities shall have precedence over any outside group or individual unless waived by school officials.
2. There will need to be a designated individual responsible for supervision of those in attendance and the condition of the building and contents. Such person will also be liable for any damages that may occur. Individual must be present and over 18 years of age.
3. Must let building office personnel know all dates/times you will be accessing the building prior to building use.
4. No alcoholic beverages or tobacco shall be permitted in the building.
5. The renter shall leave the building as originally found or make arrangements to hire the school janitor if janitorial services are needed for setup/take down.
6. Final authorization for use of the facilities will always be at the discretion of the school administration and or board of education.
7. Each school has a use of school facility form which must be completed when requesting its use. The form seeks necessary information needed and lists rental charges. Charges may be waived and or will vary depending on the activity and rooms needed.
